PREFACE

IJML: International Journal Multidisciplinary Science (p-ISSN: 2963-8119 (print), e-ISSN: 2963-7821 (online); Volume 1 No. 1 Year 2022 (February 2022) is the first edition to be published in 2022. Articles published by the IJML Journal have been published in Full text and Open Access in PDF format online at: <https://journal.admi.or.id/index.php/IJML> Starting in 2022, only articles originating from research results can be published in the IJML journal after being reviewed by reviewer partners.

IJML: International Journal Multidisciplinary Science published the only paper that strictly followed the IJML guidelines and templates for manuscript preparation. All submitted manuscripts will go through a double-blind peer-review process. The paper is read by editorial members (according to the field of specialization) and will be screened by the Managing Editor to meet the criteria required for IJML publication. Manuscripts will be sent to two reviewers based on their historical experience in reviewing manuscripts or based on their area of specialization. IJML has reviewed the form to keep the same item reviewed by two reviewers. Then the editorial board makes a decision on the reviewer's comments or suggestions.

Reviewers give an assessment of originality, clarity of presentation, and contribution to the field/science. This journal publishes research articles, review articles/literature reviews, case reports and concept or policy articles, in all fields of Computers, Economic, Informatics, and Technology, focusing on Computer Science, Management, Accountancy, Appropriate Technology, Scientific Social, Education, Humanities and etc. Articles to be published are original works and have never been published. Articles submitted will be reviewed by a team of reviewers who come from internal and external to the Indonesian Young Lecturer Foundation. IJML is published periodically every 3 months, namely in February, June and October.

The Editorial Board will strive to continuously improve the quality of the journal so that it can become an important reference in the development of Multidisciplinary Science. The highest appreciation and gratitude go to reviewer partners along with the members of the Editorial Board and all parties involved in the publication of this journal.

The Editorial Board also expects scientific articles from readers to be published in Volume 4 Number 2 June 2026 after going through a review process by the Editorial Board and/or reviewer Partners. Starting from Volume 5 Number 2 June 2026, the IJML journal appears with a new environmental style and a new article format leading to a better one. Complete writing instructions for 2022 are displayed on this journal's portal.

Regards,

Chief of Board
